## PROFILE

I am currently an undergraduate student at the Advanced Technological Institute in Kandy. I have hands-on experience with frontend web development, including experience with ReactJS and VanillaJS . I am also familiar with the MERN stack, Java, C#, Git and Github. I am a self motivated learner, adept at collaborative teamwork .I possess a positive mindset and a can-do attitude, consistently striving for excellence in my academic and professional pursuits.

## PROJECTS

### Project - E Commerce web app (sri lankan client)

Domain - [The Ikone](#)

Tech Stack - Figma | Photoshop | React | JavaScript

- I worked as a designer to create an e-commerce web app for The Ikone, a clothing brand in Sri Lanka. This was a team project where I collaborated with other members. As a designer, I gained valuable experience in working under pressure, time management, and system analysis.

### TicketPro - Season Ticket Management System (SLIATE Kandy)

Tech Stack - Figma | Photoshop | HTML/CSS | JavaScript

- <https://github.com/NisalDilranga/Ticketpr>
- I was involved in a 1st-year project to develop a monthly season ticket management system using HTML, CSS, JavaScript, Figma, and Firebase.

### Stock Management System (SLIATE Kandy)

Tech Stack - Figma | Java | MySQL| MVC Architecture

- <https://github.com/NisalDilranga/Stock-Management-System>
- I participated in a 2nd-year project to develop a stock management system using Java, focusing on OOP concepts and the MVC architecture.

### Project - Portfolio (Sri Lankan Client)

Tech Stack - Figma | React | JavaScript|

- <https://github.com/NisalDilranga/Art-Gallery>
- This site was designed for an oil painting artist. With this project, I was able to gain more experience in project analysis and resource collection.

### Product comparing app

Tech Stack - Figma | React | JavaScript|

- [https://github.com/NisalDilranga/Product\\_Comparing\\_page](https://github.com/NisalDilranga/Product_Comparing_page)
- I built a simple product comparison page using the MERN stack.

## CERTIFICATES

- Web Designer For Beginners  
University of Moratuwa
- Python For Beginners  
University of Moratuwa
- JavaScript (Intermediate)  
HackerRank
- HackerRank JavaScript  
(Basic) Certificate  
HackerRank
- JavaScript Algorithms and Data  
Structures  
freeCodeCamp
- Responsive Web Design  
freeCodeCamp

## PHP larval crud app (SLIATE Kandy)

**Tech Stack - PHP | Laravel | MySQL**

- [https://github.com/NisalDilranga/php\\_crud](https://github.com/NisalDilranga/php_crud)
- I was involved in a 2nd year project to create simple crud operation using MY SQL and MVC architecture

## My Portfolio Application

**Tech Stack - Figma | React | JavaScript | Tailwind CSS**

- <https://github.com/NisalDilranga/myProtfolio>
- This is my portfolio website, built using Tailwind CSS and React, showcasing my projects and skills.

## Simple Counter Application

**Tech Stack - Figma | React | JavaScript|**

- <https://github.com/NisalDilranga/simple-counter-app-master>
- I created a simple counter application to track the number of people entering and exiting a park, helping to monitor visitor flow efficiently.

## ClickCart - e commerce web app (SLIATE Kandy)

**Tech Stack - Figma | MERN | JavaScript|**

- <https://github.com/NisalDilranga/ClickCart>
- I was involved in a 2nd-year project to create an e-commerce web application using the MERN stack, along with HTML, CSS, and Figma.
